Staff are expected to adhere to the school's Code of Conduct and to maintain a professional manner at all times. All adults have a responsibility to be a positive role model by being respectful, fair and considerate to all by:

- Treating all children equally
- Ensuring that when working with individual children the door is left open, or that you are visible to others
- Respecting a child's right to personal privacy
- Never allowing abusive peer activities, remarks or gestures
- Never using personal equipment to photograph children
- Not using mobile phones a) during contact time with children b) to contact children or parents
- Never exchanging gifts unless approved by the school

Remember someone else might misinterpret your actions. Be aware your good name is not enough to protect you.

Staff must report any concerns about staff conduct around children to the Headteacher. As in all schools, if there are concerns about the conduct of the Headteacher, then these should be shared with the Chair of Governors. The staff 'Whistleblowing Policy' has been discussed and adopted and all staff have access to this document.
